Teens encountering God

During a recent youth service, a teen had a sudden pain in his lower back during worship. He felt strange, due to the fact he didn't do anything to cause the pain. After asking the crowd if anyone had lower back pain on the right side, a young girl responded. She received prayer and 80% of her pain was gone!

Children Hearing from God & people being healed

School age children from KIDS Church at Agape have been receiving weekly words of knowledge that are then shared in the adult service. People are being healed and set free! This past week, I prayed for an elderly lady in a wheelchair, who responded to a WOK about right ankle pain. God healed her pain! JAMEY

Garage Healing & Words of Knowledge

We received reports about Dave (D&S Auto), who has been experiencing many words of knowledge during the day, while he is working. Customers and suppliers have entered his garage, received prayer, and are being healed. Some healings have been foot/ankle pain and lower back pain. One gentleman was driving by and felt a strong urge to pull in. He was experiencing severe heart issues and was under Doctor's care. Dave asked him how he was and the man told him of his heart problems. Dave had been experiencing a word of knowledge concerning the heart. He prayed and the man said he felt a heat come over his body. He is believing to be healed from his blocked arteries!

Report from Agape West (Church Plant in New Mexico)

...We had a lady that has been coming since the beginning (new church plant) she has been very excited all along about Lakeland and Agape Winchester. Right after Rick returned from Virginia we prayed for her for some health problems. Immediately after that she received a report from the Dr. about an MRI she'd had done that was showing a large mass on her right kidney. At first she said she feared the outcome because of a family history but then said she remembered that Rick had prayed for her health so she knew she was healed. She went the following week for an ultrasound and the Doctors said they didn't understand it but nothing was showing up. She told them she understood it because she'd been healed. And of course we praise God and give Him all glory! RICK & TONI H.

Dental Healings!

October

I went to the dentist a few months ago. The dentist scheduled an appointment to take care of some cavities. When I went to my appointment, the dentist could not find any cavities! I have the dental records from when they found the cavities. I am going back to get my records showing that I now have none! Also, I now have gold fillings from God. I will be having them checked by the dentist too! OSCAR R.

October, Letter received

Hi ya,

I had to have some oral surgery on Wednesday for an infection in my jaw, I was at peace with the plan because the pain was stealing my joy. The kids in Homespun were praying for me and I was totally relaxed.

Dr Ketheryn was very nice and showed me pictures of what they planned to do and was really nice about explaining everything.

After an hour or so she thought things were done and I was feeling a lot of pressure gone even with my mouth propped open. She took an x-ray and said she wanted to redo things so in all it was two hours of procedure.

I was looking out the window and feeling Gods hand resting on me, It was very beautiful outside and I had no worries at all.

After everything was done the Dr explained she wanted to prescribe pain meds and antibiotics, but I heard a soft voice saying "Your Healed", I took that and refused the scripts. I have no swelling and no pain at all, I took the kids out to dinner before church at Greenway Wednesday to the Butcher block and actually ate ribs, Aint God just Awesome! Isnt his peace and healing amasing! We have seen him touch so many people in the last few months we need to rejoice and shout from the rooftops!

Love and Blessings to you all!

Big Rick aka Rock or that janitor guy!

God is doing creative miracles

This letter sent

October 2, 2008

Dear Lee Prock,

I am writing this letter to tell of the miracle of healing that occurred in early May of this year (2008). On April 15, 2008 I did a variety of things that one would do on a beautiful Spring day, worked on my car, worked on a fence and gate, odds and ends around the house. The next day I was in agonizing pain and could not rise from bed. The pain in my hip and leg was horrible. Days dragged into weeks with only increases in pain level. I still could not even sit up. I was taken, on a stretcher to Urgent Care for an X-ray. The film showed a "badly formed ball joint" with cartilage and a loose piece of bone. Also, there was a bone spur. Again, in a stretcher, I went to orthopedic doctor at the hospital where he confirmed my diagnoses after examining the X-ray. A MRI was

scheduled and the need for surgery to relieve the bone spur and smooth the surface of the ball was needed. A few days later my wife brought over John and Sally Dick along with Gwen Corley. They prayed with me. They told me that everyday people can perform miracles if they had faith. They laid their hands on me and I felt a heat emanating from my hip, and a sort of release, I gave my problem over to God. We prayed and asked God to heal me completely. The MRI was 2 days later and the results were that the bone looked much different. The radiologist report made no mention of bone damage or irregularities. It said it was an "unremarkable" hip joint. The orthopedic doctor was scratching his head saying, "I don't understand this, this can't be right. I don't agree." The hip had changed in the five days from the X-ray to the MRI. I was still in horrible pain in my left leg. An MRI was done on my spine to find a damaged or bulging disc. John, Sally and Gwen returned again and prayed, laid hands on me and believed. This time I went from bedridden to jumping around on the foot and leg that was so painful even the wind blowing on it was agonizing. Tears of joy flowed freely from my eyes as the burden of constant, torturing pain was suddenly lifted as if the flow of water had been quickly halted by turning off the spigot. My wife and daughter were also present for this miracle. Praise to the Lord, He is Awesome and merciful.

Back pain is being healed

I thought you might like to know, since ya'll prayed for my back, it's been getting steadily better. On Monday night, I ran with Murky for over half a mile and no pain. Remember just 2 years ago, I couldn't run 10 steps without hurting.

Pelvic ailment healed

At Greenway a WOK (Word of knowledge) was given for someone with a pelvic ailment. A brother responded and was completely healed. This problem had been a long standing issue and the Lord touched him and made him whole! BOB

Shoulder healed

A gentleman wanted to make the church aware of the healing of his right shoulder. He had not been able to raise his right arm due to excruciating pain in his shoulder. About an hour after prayer Sunday, he as able to rotate the shoulder and then lift his arm over his head. As of today there is no more pain. Praise God!

Back pain healed from car accident!

Saturday at Agape, a first time guest to the Outpouring responded to a WOK about backs. She said she had been in 2 car accidents and for some time dealt with great amount of pain. Prior to coming forward for pain that evening she said her pain was a 10 (on scale of 0 - 10, 10 being worst pain). I, along with 2 or 3 young children prayed for the "pain to be gone" and "Holy Spirit to intensify His presence in her body." When we checked the pain was now a 2! The children and I prayed again...then the pain was a 1. We prayed more until the pain was more like a "bruise" in intensity. Praise God!!! She and a friend came again on Sunday to Outpouring at Greenway. I asked how her back was doing and she reported the right side was good...and as for pain there is still the "bruise". So we still contend with Kelly and say, "Lord, thank you for what you have already done. We bless what You are doing in Kelly, Lord. We ask for More Lord. In Jesus Name. Amen. JACKI

Leg & back pain healed

On Sunday morning, two children had a word of knowledge about God healing leg pain. I prayed for a man who had pain in both is legs and lower back. As we prayed, he seemed shocked that his legs stopped hurting. Then I prayed for his back. After a couple minutes, I asked him to do something that he couldn't do without pain. He bent and moved around and lifted his legs in the air. He looked at me and said, "All the pain is gone!" To confirm, I asked him if he was in pain when he came up for prayer. He said, "Yes, but now it's all gone!" JAMEY

53 year old woman's knee pain healed!

My husband and I had been out of town during the Healing Conference, but returned on July 20th and attended the evening service. I had been suffering from left knee problems for the past 2 years, especially pain and stiffness. I even had a 9 week session of physical therapy last year, without much accomplished. But during the service, one of our youth had a word of knowledge with regard to left knee pain. (Praise GOD she listened...) There were a few of us with that ailment. I went forward. Prayer and rebuking of the pain and stiffness took place in JESUS name, so that before the night was over I was able to walk up and down stairs the right way! In the past I had to take stair-steps one at a time. Although, many were feeling fire and heat during a healing, I actually felt as if my knee had been dipped in ice. To this date, I have had NO PAIN in my left knee! I can bend it somewhat, but it still does not have full range of motion. I'm believing in full restoration in HIS time! It's amazing, I am now able to get on my knees and pray, where I couldn't do that before! Praise GOD for HIS love and mercy!

July 27

Gold teeth showing up!

Another gold tooth has arrived at Greenway Spirit & Word Fellowship! Mirel, a dear sister from Chile and speaks fairly good English, came in and said, "Pastor Bob, sit down! Look because the Lord has given me a gold tooth!" She was very skeptical, being from a Roman Catholic background before she was saved. She is so excited! Praise the Lord. He is so great. BOB

Healing of backs!

Sunday at Agape, there was a word of knowledge given that God was healing back pain. My mechanic's wife, Shelly, hurt her back on Thurs. She was too shy to stand for healing. A man behind her stood and got prayer from several people. While he was getting prayer, she felt the fire of God all over her body. As the man behind her said that he was healed, she felt her pain leave her back too! God healed 2 backs at the same time! Praise God, He knows what we need, even if we don't say anything! JAMEY

God's healing lung and breathing issues.

During the songs, I had a vision of a lung filled with cotton balls. I had the impression that there was someone who experienced difficulty breathing. At the end of service, I shared the word of knowledge and had the privilege of praying with five people. Two knew someone who needed healing. The other three, personally had a breathing condition. One was a young boy, one a teen girl, and the other a man. All three received healing in their lungs and could breath freely! PRAISE GOD! JAMEY

July 26

Finger Healed!

I had jammed my left ring finger while playing Basketball. Friday night at Crossroads I was praying for it and in a few seconds it was totally healed, and all movement was restored! DANNY

Supernatural Provision

Last month the Lord gave me a dream where I saw a bundle of money in the bottom of my purse! They were all brand new bills. I began to be alert as to how God was going to supernaturally provide for us financially. The Lord also instructed us to start praying specifically over our tithes. In the following weeks, we began to find dimes everywhere (a tenth of a dollar - the "tithe"). I found them in the bottom of my purse, on the floor, on the street, in the car - even our kids were noticing dimes everywhere! It was as if God was reminding us that He was going to bless our tithe. In the last 3 weeks our family has received several unexpected financial breakthroughs. After a year of wondering how to get extra landscaping jobs, I got 2 on the same day - the same week that we began to pray specifically over our tithes. I got 2 more in the last week. Bobby has also gotten unexpected side jobs that have boosted our faith and given us the ability to bless others! What a joy to trust Him and live according to heaven's provision! WANDA

Believing for wheelchair freedom!

Cheyenne has been in a wheelchair for 8 years after rupturing a disk in her back. The doctors had to take it out and put a steel rod in her back. Since then she has had pain and an inability to walk on her own. She has not walked (with assistance) since this past March.

On Sunday night after several people prayed for her, she said she got "very hot!" She said she usually sweats when she gets hot, but she didn't this time. This was the first time she ever felt the "fire of God." She said she felt no pain as others assisted her in walking, other than feeling the muscles in her back trying to stretch out. She said it "felt wonderful"!

I told her we need to pray for a creative miracle for her. We need to ask God to specifically replace the missing disc with a brand new one and take out the steel rod! (When I told her this, she misunderstood and said the doctors told her it would always have to stay in. When I told her that God has already been supernaturally replacing missing body parts and removing steel rods in other people, she exclaimed, "Oh, my! Yes, that's what I want!") WANDA

Hip pain healed...x 2!

Katrina T. received prayer for hip pain at Greenway while the Kaylor's ministered. Her pain is gone for the first time in several months.

On Sunday, Katrina called her mother who was also suffering from hip pain. She told her mother about her healing. On Monday, Katrina's mother called her to tell that her hip pain was also healed!

Ringling in the ears being healed

Two men suffering from ringing in the ears were healed at Agape on Sunday morning. There was a word of knowledge that God was healing hearing problems. Both received prayer. One man had the ringing stop at service. The other woke up the next morning and had to place his fingers in his ears because he couldn't hear the ringing. He has only a slight ringing and says the ringing is over 80% gone!

Woman healed from sciatic back pain.

I came late for a healing conference meeting. I have been to a chiropractor for pain in my back and numbness down my leg. There was a word of knowledge about God healing a sciatic problem. I got prayer and my pain was healed!
