

One Year: The Winchester Outpouring

Dear Friends,

It's hard to believe but the one year anniversary of the Winchester Outpouring is upon us. It has been an amazing year and I know that the Kingdom of God will continue to advance this coming year as well.

"Lift up your eyes. The fields are ripe for harvest!" John 4:35

It's not a matter of praying "God send revival", it's a matter of positioning ourselves to "see" and believe that the harvest is now!

As I've said before, revival is more than words. It is something you do! Our prayer is that God's reviving presence will be so overwhelming that you can't help but give it away to everyone you meet!

How It Began

It began one year ago. We had just finished a weekend Family Conference in Winchester at the Agape Church. As I was talking with Pastor Lee and Dan, I felt the nudging of the Lord and the next thing I said was, "If we will open meetings, God will be there." They agreed and the following weekend the meetings for the Winchester Outpouring began.

The meetings have been going weekly and monthly now since June 1, 2008 and the testimonies of God's amazing power and presence is endless. It began in one church, but quickly moved to three and now encompasses many ministries. He has truly shown Himself to be faithful!

Gold!?

On June 1st at 5:00 AM, Cherrie woke up with a word from the Lord for the Nation. He said there was going to be a shift in the glory over those who were hungry. That He was going to put the glory in our mouth via his word, and that women would be released in ministry to represent the release of the bride. I called a few of the churches we minister to regularly to tell them. I got phone calls and voice mails all day telling me what happened in the services of the churches.

That same morning after the church service in Winchester, several people found a surprise in their mouths. Gold fillings! This sign was "imparted" to others as the weeks unfolded with amazing testimonies that followed.

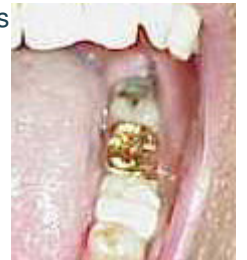

Can you imagine being a mechanic and just doing your job and someone tells you to look in your mouth, God will give you a gold filling, and He does!

Or, being a little up set about the stories of all the gold fillings and not quite knowing what to make of it. And then you wake up with an entire new gold tooth?

This manifestation of Gold that was displayed in Winchester followed us as we ministered in Brazil. We were at two different churches in two different cities and in both, people got gold fillings!

In Bakersfield, California after speaking at The Garden Church, Cherrie gets a message on her voice mail that, on the way to the church office, the taste of metal began to appear in one of the pastor's mouth. By the time he got to the church, he had two gold fillings and a gold tooth. He went to have this confirmed by his dentist and the dentist didn't know what to make of it!

These few short sentences testify to the beginning of an outpouring of God that is in the process of changing the Shenandoah Valley and the rest of the world!

Healing at Lowes!

Eyes healed at Lowes when teen prayed!

"On Monday, I went to Lowes with my mom and sister to order some stuff for our new bedrooms. We went to the check out and a lady (name withheld) helped us. She asked to see the last four digits on Mom's card.

Then, she began to tell us that she was having trouble with floaters in her eyes and they would have been fine, but they began clumping together. I kept sensing that God wanted to heal her. I finally got up the guts when she said, "The doctors say that there's nothing they can do for me."

She kind of looked at me weird when I asked if I could pray for her, but she quickly said that it was okay. I went on to pray for her and when I was finished, she opened her eyes and said, They're gone! I don't see them anymore!?

We all kind of looked at each other like, "Are you serious?!" It was so exciting. The line that had formed behind us was no longer there because someone else had opened another lane. God cleared the way for me to pray for her without making other customers wait."

From the Winchester Outpouring testimonies.

Not only have there been signs of gold, but healing within and without the "church walls" is taking place, even in the schools!

Remember, when we hear of the amazing things that God does, that is an open invitation for all of us to experience the same. Let these stories speak prophetically into your life and bring supernatural change. We serve a God who knows no impossibilities!

With love,

Mike and Cherrie Kaylor
